INFORMATION DISCLOSURE STATEMENT

Please consider the references listed on the enclosed PTO-1449 form. Foreign patent documents and non-patent literature are enclosed; cited U.S. patents and patent application publications will be provided on request.

Applicants wish to bring to the Office's attention that Claims 1-7 and 9 in commonly owned, co-pending USSN 10/575,522 stand rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-8 and 10 of the present application in view of Xue et al. U.S. Pre-Grant Publication 2006/0252751. Copies of the three Office Actions issued in connection with USSN 10/575,522 are included with this Statement. Applicants respectfully request that consideration of the above-discussed documents be acknowledged on this Statement or in the next written action or communication from the Office.

Applicants provide a listing below of co-pending and commonly owned U.S. patent applications that are included on the PTO-1449, where applicable. The co-pending and commonly owned U.S. patent applications were filed as U.S. national phase patent applications under 35 U.S.C. §371, and therefore, the listing includes a reference to the corresponding PCT publication numbers, where applicable.
